

DOING THEIR DUTY

Scots of Barre Readers Are Learning the Duty of the Kidneys.

To filter the blood is the kidney's duty. When they fail to do this, the kidneys are sick.

Backache and many kidney ills follow. Urinary troubles, diabetes.

Doan's Kidney Pills cure them all. Barre people endorse our claim.

L. H. Hooker, 101 Prospect street, Barre, Vt., says: "Since I first used Doan's Kidney Pills some years ago, I have recommended them to at least fifty people and have heard everyone who has used them give them a word of praise. I suffered for a long time from kidney complaint and my condition finally became so serious that I was worried. My back ached most of the time and an annoying kidney weakness existed. I used every remedy that was brought to my attention, but without deriving any benefit until I took Doan's Kidney Pills, procured at Drown's drug store. At that time I used five boxes and was benefited in a wonderful manner. I have since taken Doan's Kidney Pills off and on, and they have acted as a tonic to my kidneys, keeping these organs in a normal condition."

For sale by all dealers. Price 50 cents. Foster-McMillan Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

Silver Ledge club house, owned by the Silver Ledge association, composed of a company of Montpelier men, and located on a slightly bluff above the Central Vermont tracks on the Middlesex road below the Three-mile bridge, narrowly escaped destruction by fire yesterday. The blaze started near the railroad track and spread in the dry grass until it reached the club building. The grass and leaves were burned almost to the edge of the piazza and a tree standing by the cottage was on fire. It took hard work on the part of the men who fought the flames to subdue them.

Following the large potato crop of last fall and the low prices this spring, many farmers are feeding them to their stock rather than sell them at the prevailing prices. One East Montpelier man has 1000 bushels in his cellar and is holding about 25 bushels a day and feeding them to his cattle and hogs. Hogs like the ration and are growing fat on it. Farmers think, with the high price of grain, that the potatoes are worth 35 cents a bushel for feed, while many purchasers do not want to pay over 25 cents a bushel and the regular price is not over 30 cents. American Fidelity Company Must Have More Room.

So rapidly has the business of the American Fidelity company increased that its old quarters in the Laundon building are not large enough and, as the company has held a lease of the entire second floor for the past ten years, subletting the rooms not needed by itself, it will now extend its office room into the sections now occupied by the Smith barber shop and the office of S. S. Ballard, and notice has been given them to that effect.

The resignation of James E. Davidson from the board of the local Y. M. C. A., was accepted last night at a meeting of the directors, also that of John K. Glickerson as secretary and physical director. Suitable resolutions were adopted in both cases and no successors were chosen last night. In place of Mr. Glickerson, it has been suggested that two men be employed to have charge of that work, one for the office of secretary and to attend to the social and religious work of the association, and another whose work would be purely for gymnasium work and as physical director. For the latter position, W. H. Blitcher, a young man from Somerville, Mass., who has assisted in association work in Lynn, Mass., Boston and Burlington, is under consideration. He was present at the meeting last night.

Officers were elected as follows at last night's meeting of the officers of Montpelier council, No. 4, Royal and Select Masons: Fred W. Moran, E. I. M.; William A. Briggs, I. D. M.; Collins Blakely, P. C. of W.; Charles H. Heatton, secretary and treasurer; J. W. Washburne, captain of the guard; J. E. Goodenough, conductor of the council. The officers appointed are: C. A. Lang, marshal; R. Field, steward; David B. Barlow, sentinel. The following candidates received the order: A. G. Eaton, F. Howard Childs, F. A. Stebbins and George A. Mosher of Montpelier, Van F. Bennett of North Montpelier and George R. Hall of Roxbury. Isaac D. Bailey of Brattleboro, most illustrious master of the grand council of Vermont, accompanied by Ferris Vaughn, were the installing officers.

H., and a graduate of the medical department of the university of Vermont. At present, his plans are not matured. Dr. Edmunds is well known in town. He is the son of William H. Your Nerves

Ask your doctor if alcoholic stimulants are not often very disastrous when given to nervous people. He will tell you why. J. C. Ayer Co., Lowell, Mass.

Your nerves must be fed with pure, rich food, or there will be trouble. Poorly fed nerves are weak nerves; and weak nerves mean nervousness, neuralgia, headaches, debility. Weak nerves need good food, fresh air, and Ayer's non-alcoholic Sarsaparilla.

Weak? Tired? Run-down?

These conditions come from overwork, a weak stomach, overtaxed nerves or feeble blood. When you feel "all in"—hardly able to drag about, no energy, no ambition, easily exhausted and can't sleep—take

BEECHAM'S PILLS

and note what a difference they make in your condition. The stomach is the first to feel the good effects. Food tastes good, the digestion is strengthened; bowels and bile work regularly, the blood is cleaned, and the nerves rested. The whole system responds to the tonic action of Beecham's Pills. Soon there is the buoyant feeling of returning health.

The Reason Why

Every one wants to know the reason why we are going out of the clothing business here. (THERE IS A REASON) and while we stay in it for a while until all sold out, we are selling the best kinds of new, Ready-to-wear Clothing, Shoes and Furnishing Goods for men, boys and children, and are putting out the biggest clothing values that can be possibly offered at a sale of this kind. We are willing to sell out. We are going to sell out as soon as our stock is run down, and we are willing to give you good values, more than willing you should have them, and there is no reason why you should pay higher prices when a good opportunity is before you. Come Saturday and see our display.

WHY WE ASK FOR YOUR

Prescriptions and Patronage

2d. The best we can obtain in drugs, chemicals and pharmaceuticals.

3d. A large line of nearly everything a doctor can wish for.

4th. At prices as low as possible for quality furnished.

5th. Distilled water used in all our preparations and prescriptions when "agua pura" is called for. We distill it ourselves every week, and know it is fresh and pure.

6th. If we know what the doctor uses, and do not have it in stock, will get it at our earliest convenience.

7th. Prompt attention to all orders, prescriptions and telephone calls.

8th. We are competent to prepare private formulas, and can make as good pharmaceuticals as anybody.

10th. We want your business, need your business, and will do all we can to keep your business.
